

End of Programme Examination Entry Policy

All Academic Year students are required to take an Exit Exam at the end of their program. Students are required to indicate which exit exam they plan to take during their first week at the school and are registered accordingly. Berlitz College prepares and registers students for the TIE, PET, FCE, CAE and IELTS. Two full weeks of exam preparation time is integrated into each 25-week program (week 7 of each 12-week course-cycle). During each exam week students are segregated into classes based on their indicated exam.
